

Product Information

Stirlings Golden Stage 10W-30 ECO

FULLY SYNTHETIC LONG-LIFE MOTOR OIL

Stirlings Golden Stage 10W-30 ECO is a fully synthetic engine oil, especially suitable for American and Asian petrol engines in passenger cars, SUV's, and delivery vans. This engine oil can be used in cars equipped with catalytic converters, turbo charged engines and direct injection systems where API SP(-RC) or ILSAC GF-6a is prescribed. Golden Stage 10W-30 ECO is compatible with petrol fuels containing up to 85% ethanol (E85) as well as LPG and CNG.

Stirlings Golden Stage 10W-30 ECO provides optimum lubrication and cleaning for in particular Asian and American petrol engines from different automobile manufacturers as Ford, Chrysler, GM, Toyota, Lexus, Kia, Subaru, Mitsubishi and Honda.

Stirlings Golden Stage 10W-30 ECO is designed to give improved fuel economy, turbocharger protection, and emission control system compatibility. This oil offers excellent protection against wear, corrosion, sludge and deposits as soon as the engine has started up to ensure maximum engine durability.

Stirlings Golden Stage 10W-30 ECO minimizes the risk of LSPI (Low Speed Pre Ignition) in modern engines with GDI/and TGDl and gives ultimate protection to the timing chain against deposits and wear.

Specifications

API SP
ILSAC GF-6A
FORD WSS-M2C946-A
CHRYSLER MS 6395
GM 6049-M

Colour	Amber
Density at 20°C	0.8549 kg/l
Viscosity, kinematic at 40 °C	61.3 cSt
Viscosity, kinematic at 100 °C	10.0 cSt
Viscosity Index	149
Viscosity, dynamic (CCS)	3896 cP
Base number	7.3 mg KOH/g
Flash point	183 °C
Pour point	-37 °C

Available in 1, 4, 5, 20, 60, 200, 1000L
