

Product Information

Stirlings Golden Stage 5W-30 DS

SYNTHETIC UNIVERSAL FUEL SAVING MOTOR OIL

Stirlings Golden Stage 5W-30 DS is a fully synthetic motor oil based on carefully selected very high quality base oils, formulated using the latest technology for Mid SAPS catalyst compatible engine oils. It's special formulation combines fuel economy with an extended service life. The reduced ash formulation protects particulate filters and exhaust after-treatment devices.

Dexos 2™ is required for all new GM/Opel/Vauxhall/Chevrolet diesel and gasoline models. GM/Opel has advised that the dexos 2™ specification is backward compatible to older GM/Opel specifications (GM-LL-A-025 and GM-B-LL-025). The majority of GM/Opel/Vauxhall/Chevrolet diesel and gasoline vehicles can use dexos 2™ lubricants. C2* meets all engine protection requirements of ACEA C2.
