

Product Information

Stirlings Silver Chase 15W-40 SYNTH

UNIVERSAL SYNTHETIC MOTOR OIL

Stirlings Silver Chase 15W-40 SYNTH is a semi synthetic engine oil recommended for petrol and diesel engines. Because of the high viscosity index, the oil assures an excellent cold start as well as an excellent lubricating film with high temperatures.

Stirlings Silver Chase 15W-40 SYNTH takes care of trouble free functioning of the engine, because of the chosen additive package. The oil helps reducing the fuel consumption as well as reducing emission levels.

Because of the unique formulation a low evaporation under severe operating conditions is guaranteed. In addition, Stirlings Silver Chase 15W-40 SYNTH gives optimum protection against wear and has strong anti -corrosion and anti-foam characteristics as well as a high resistance against oxidation.

Together with the excellent detergent/dispersant properties, this oil ensures a clean and reliable engine.
