## Stirlings Silver Chase 20W-50 SYNTH

### UNIVERSAL SYNTHETIC MOTOR OIL

Stirlings Silver Chase 20W-50 SYNTH is a synthetic motor oil suitable for petrol as well as for diesel engines. Because of the high viscosity index, the oil assures an excellent cold start and an excellent lubricating film at high temperatures.

Silver Chase 20W-50 SYNTH takes care of trouble free functioning of the engine, because of the chosen additive package. The oil helps reducing the fuel consumption as well as reducing emission levels.

Due to the unique formulation a low evaporation under severe operating conditions is guaranteed.

In addition, Stirlings Silver Chase 20W-50 SYNTH gives optimum protection against wear and has strong anti -corrosion and anti-foam characteristics as well as a high resistance against oxidation. Together with the excellent detergent/dispersant properties, this oil ensures a clean and reliable engine.
