

Silver Chase 10W-30 SYNTH

Description

Stirlings Silver Chase 10W-30 is a synthetic motor oil. This modern universal fuel economy motor oil is produced with special base oils that have a natural high viscosity index, to which a well balanced choice of additives are added to obtain the following properties:

- a lower fuel consumption
- a high and stable viscosity index
- a fast cold start
- a strong resistance against oxidation
- a safe lubrication film at high temperature
- a good detergency and dispersion
- a strong protection against wear, corrosion and foaming.

Application

This universal fuel economy motor oil is recommended for use in petrol- and diesel- engines, with or without turbo-charging, in passenger cars and delivery vans.
