

Racing 10W40 4T

Description

Stirlings racing 10W-40 4T A new generation full-synthetic engine oil for four-stroke motorcycles formulated with synthetic base oils combined with special developed balanced additives to achieve the following properties:

- a high and stable viscosity index
- optimal friction characteristics
- a very strong protection against wear, corrosion and foaming
- a very good detergency and dispersion

Application

This oil is special developed for the lubrication of four-stroke motorcycles, so that sliding, sticking and/or rough changing of the clutch-plates no longer occurs. This oil is developed and tested in co-operation with the most important motorcycle producers and has its performance demonstrated in the field.
