

## Racing 10W-50 4T

<u>Description</u>	Racing 10W-50 4T. A new generation full-synthetic engine oil for four-stroke motorcycles formulated with synthetic base oils combined with special developed balanced additives to achieve the following properties: - a high and stable viscosity index - optimal friction characteristics - a very strong protection against wear, corrosion and foaming - a very good detergency and dispersion.																		
<u>Application</u>	This oil is special developed for the lubrication of four-stroke motorcycles, so that sliding, sticking and/or rough changing of the clutch-plates no longer occurs. This oil is developed and tested in co-operation with the most important motorcycle producers and has its performance demonstrated in the field.																		
<u>Specifications</u>	Performance level: API SN JASO MA2 JASO MA
